Subject: Update: OT Matrix

Hi Dave,
Please see below for an update from our Superintendent, Michael Bolles. Please let me know if you have any questions.

A majority of the time has been spent trimming along the trails since our meeting with the city back in early spring. All the trails needed attention as the abundance of rain this season resulted in the weeds growing immensely and thus effecting the trails. The following trails were trimmed to completion *(note these issue were not included on the Matrix except for Catalina and Gnatcatcher)*:

- E Boundary Trail
- Sagebrush Walk Trail
- Shoreline Park Trail
- Gnatcatcher Trail
- Catalina Trail
- E Portal Trail
- Lakeview Trail
- W Bluff Trail
- W Portal Trail

Major backfilling work was completed on Sunrise Trail, Catalina Trail, and Sunset Trail. *– Note that these issues were not listed on the Matrix however, needed immediate attention due to their severity.*

We will start looking at the new 6/17/19 issues and completing the other issues next week.
